## PROGRESS REPORTED BY ALL

Gratifying Growth in the City Schools of the State.

## AN INCREASED ATTENDANCE.

Public School Principals Met at Lindsay School Last Night and at the Normal College Today.

The convention of public school superintendents of the State was called to order at the Lindsay street school building at 8:30 yesterday evening by President Thompson, of Statesville. All the schools were represented except Asheville, Salisbury, Reidsville, Shelby, Tarboro, Washington and Clinton. Superintendent Grimsley welcomed the convention in behalf of Greensboro.

Charlotte reported great progress—twenty-eight rooms full at present. There is a white enrollment of 1270, with never more than 100 absent. There has also been great improvement in the department of science.

Concord reported an improvement, though the condition is still unsatisfactory. The census shows 1600 students with an enrollment of 640.

Durham reported the best year yet. The attendance is much the same as last year, but all the grades are better and more time has been given to the study of Greek than last year. There is an enrollment of 780 white and 360 colored.

Winston reported 700 whites and 590 colored enrolled. It has the largest senior class in its history.

Wilson reported that in the beginning the work of the school had been hindered by much disorder in the higher grades, but that the matter had now been straightened out. Enrollment: 550 white, 160 colored. The colored enrollment will reach 350 in the spring.

Wilmington reports an enrollment of 150 in the high school department. There has been no increase in the study of Greek. The teaching force comprises fifty at present. Wilmington made an eloquent appeal for a change in the curriculum. The enrollment is 3,050.

High Point reported the inception of the public graded school at that place and great enthusiasm from the public. The enrollment is 754 white and 320 colored. The percentage of attendance is 96 for boys and 97 for girls.

Greensboro next reported. As with most of the others the attendance is larger than last year. There is also much interest manifested in the beautifying of class rooms by teachers and pupils. Especial emphasis is being laid on English this year.

President Thompson reported from Statesville that more solid work is being being done this year than ever before. Funds are raised by special tax and a heavy debt that has crippled the school thus far is being liquidated. The school has devoted much attention to tree culture, every grade and every member of the board having one tree. The enrollment is 650.

Prof. Noble presented President Alderman Booth's regrets that he could not be present.

On the invitation of Dr. McIver the body met at the Normal and Industrial college at 10 o'clock this morning.

MORNING SESSION.

Superintendent Lewis, of Concord, read a paper describing his experiences in school work in Arizona, which was original, interesting, and amusing.

Supt. Mangum, of Wilson, "The Possibilities of Reading Circles for Teachers." This paper had reference rather to country than to city school teachers.

Principal Sharpe, of Goldsboro, "The Teaching of Latin in Preparatory Schools." This paper dealt with the value of Latin as a culture study. It created an interesting discussion.

Supt. Howell, of Raleigh, "Why the Geography and History of North Carolina Should be Taught in Our Schools, and How to Teach Them." Mr. Howell maintained that geography should be started first at home, and radiate out to take in the whole State. North Carolina should be learned thoroughly before studying the geography of the whole world. The State furnishes all kinds of types for geographical study.

President McIver made a short talk on the result of the recent local tax election, and suggested work for the future.

A telegram of congratulation was sent to the meeting of principals of academies now in session at Raleigh and a similar one to the meeting of superintendents in session in South Carolina.

The following superintendents are present:

D Matt Thompson, President, Statesville; Logan D Howell, Secretary, Raleigh; M C S Noble, Wilmington; Alex Graham, Charlotte; G A Grimsley, Greensboro; Jno J Blair, Winston; E P Mangum, Wilson; G H Crowell, High Point; E B Lewis, Concord; W W Flowers, Durham. Principal Thos A Sharpe, Goldsboro; M W D Carmichael, Durham; Mr D B Smith, Winston; Prof P P Claxton, Normal and Industrial College; President C D McIver, Normal and Industrial College; Principal W H McNairy, Chester, S. C.

## NOTES FROM HIGH POINT.

The Local News from Our Neighbor Briefly Told.

TELEGRAM BUREAU.  
HIGH POINT, N. C., Dec. 29, '97.

The last, but by no means least, of the holiday entertainments was held at Groom's hall last night. The occasion was the annual reception of the home lyceum. All the young people of the town were in attendance and felt directly interested in the event. The hall was tastefully decorated with evergreens and flowers, and presented a most cheerful and charming appearance. The program consisted of songs, recitation, addresses, etc., and was complimentary to those who took part. Refreshments were served in a pleasing manner. The evening was enjoyed by all and will long be remembered as one of the best entertainments the club has given for years.

Miss Katie Smith left this morning for Bessimer City to visit her brother, John Smith.

By Wire to THE TELEGRAM.

New York, Dec. 29.—Mrs. Ballington Booth is reported improving today. She passed a quiet night. It will be a long time before she will be able to leave the hospital.

## STABBED BY HIS BROTHER.

In a Drunken Spree One Brother Slits The Breast of Another.

Haverhill, Dec. 28.—Wm. Dolan was stabbed to the heart with a knife and killed last night by Wm. Daly, his brother-in-law, who had lived with him twenty years. Daly is in jail charged with murder. The men were about 70 years old. They attended a wake last night and came home quarreling and showing the effects of liquor. At noon they went out together and drank more liquor. On returning home the men renewed their altercation, and toward evening they began to fight savagely. Mrs. Dolan ran from the house to call friends, and when she returned with several neighbors Dolan lay dead on the floor with a narrow slit in his breast over the heart. Daly had gone to the house of a neighbor, where he announced that he had killed Dolan.

## Man Freezed to Death.

Friday about midnight a son of Wesley Vest was turned out of a grog shop near the old Harrison Pitts place, on Shallowford road, while in an intoxicated condition. He was unable to reach home and lay by the roadside the remainder of the night. He was found Saturday morning in a comatose condition, from which he never rallied. He died Saturday evening.—Winston Journal.

## SHOT IN THE LEFT EYE

Sensational Killing at Winston This Afternoon.

## A WOMAN AT THE BOTTOM OF IT

The Homicide Surrenders Himself and Will Plead Self-Defense.

Special to THE TELEGRAM.

Winston, N. C., Dec. 29.—The city was thrown into a fever of excitement by a sensational killing today.

John W. Harrison, who is a clerk in the store of Rosenbacher & Bro., shot and instantly killed Paul Stockton, a street car motorman, at noon. The ball took effect in Stockton's left eye.

The trouble grew out of alleged improper relations of Stockton with Harrison's wife a year ago.

After the killing Harrison surrendered himself to the authorities and it is understood that he will put in the plea of self defense. Both parties are highly connected here.

## LEITER-ARMOUR WHEAT DEAL.

Chicago Traders are Growing Uneasy Over It.

By Wire to THE TELEGRAM.

Chicago, Dec. 29.—Only three more days are left for the delivery of the wheat in the Leiter-Armour deal. It looks now as if there would be cash wheat enough to fill the last short though many traders appear to be very uneasy.

## Securing More Land.

J. J. Newman, agent of D. L. Risley, colony locator, went to Gold Hill again today. He is engaged in securing lands for the location of a colony on the Yadkin Railroad at Gold Hill.

The Sun mentioned some time since that 5,000 acres were to be used in the founding of this Gold Hill colony, about 3,000 of which had already been secured. Now Mr. Newman informs us that at least 7,000 and perhaps 10,000 acres will be used.

Nearly all of the necessary land has been secured.—Salisbury Sun.

## THE BUILDING COLLAPSED

And Two Men Crushed to Death in the Ruins.

The Goldsboro Argus tells of a terrible catastrophe which happened in that city yesterday at noon. A frame building to be used as a cotton storage warehouse was being built for H. Weil & Bros., and as the workmen were assembling after the noon meal the building collapsed with a terrific crash and two colored men, who were employed as helpers about the building, were crushed to death. It is intimated that an insecure foundation was the cause of the awful accident.

## DASHED DOWN A MINE SHAFT.

Two Ice Cutters Fall 450 Feet with a Carriage and Are Killed.

Wilkesbarre, Pa., Dec. 28.—John Agnew and Thomas Kennedy went down the Allen shaft this morning to cut the ice which had prevented the carriage from running smoothly. Starting at the top, contrary to custom, they cut away the ice until the carriage had descended about 200 feet. Then the car stuck and could not be moved. The men could not signal the engineer and the rope continued to coil on the bonnet of the carriage until the weight of it forced the car past the ice formation. It descended swiftly until the rope became taut and snapped, and the carriage then dropped 450 feet to the bottom. Both men were killed and the carriage smashed to small bits. The engineer says he had warned the men to start cutting the ice from the bottom, but they insisted on beginning at the top.

## THE WEST HATES NEW YORK.

An American Writer in a London Paper Says So.

London, Dec. 28.—The Daily Chronicle this morning prints a letter a column and half long, signed by Adj. Gen. John E. Ballaine, of the State of Washington, denouncing William T. Stead's book, "Satan's Invisible World," and Mr. Stead himself as "displaying the densest ignorance of everything American."

The writer proceeds to combat the argument that New York is a typical American city in any sense; and he declares that the "real America of the West hates New York as much as it hates London."

In concluding, he says: "Every genuine American nourishes an undying hatred of England and will be glad when the time comes to fight her."

Commenting editorially upon what it calls a remarkable letter, the Daily Chronicle says: "The writer is ludicrously misinformed on many points, but he is undoubtedly a fair and, indeed, a superior representative of a vast amount of western feeling with which we Britishers have to count."

It is officially stated that the Baptists in this state expect Rev. Dr. Whitsett to resign as president of the theological school.

The "melancholy long withdrawing roar" of the McKinley wave has made itself heard in the New England cotton milling towns.

The Indiana republicans are talking again—through the usual medium. The only mortal that can out talk an Indiana republican is a Kansas populist.

The chances are that in the days to come Mr. Kurtz, candidate for theseenate from Ohio, will have much time to devote himself to the might-have-been phase of the matter.

Mrs. Fitzsimmons has released Bobby from his pledge to quit the ring and he is free to fight again. Now if she will extort a promise not to talk we may all be happy still.

Despite Senator Morgan's declarations that we cannot hands-off in the portion of China there is a deep-seated conviction in this country that we have more of China now than we want.

The fact that a negro preacher of Brunswick, Ga., has come out in open defense of lynching shows that he has been a close student of the methods by which the Rivrent Samivel Pea Jones has smeared himself with a coating of tinsel glory.

To remove all doubts as to his return from "furren parts" where he went to open the mints to silver, ex-vice-President Stevenson has accepted the position of counsel to the Western Trust Company. Prominent ex-officials either have a great fondness for trust attorneyships or trusts have a fondness for ex-officials. Which is it?

Tarif negotiations between this country and Germany have not been broken off after all, so we are told. Did anybody ever hear or dream of this administration breaking off negotiations? It has a genius for 'em. It has attempted to negotiate everything from a seal skin to the silver question. Is there anything wrong in any quarter of the universe? The remedy is ready at hand—negotiate. We have not trouble enough of our own, so we borrow from Cuba, Hayti or anybody that will lend at ten per cent., all for the pure love of negotiation. We are negotshy-ators, we are!

The Telegram takes pleasure in welcoming to Greensboro the members of the Association of School Superintendents. When all has been said it is by them and through their work must come that broader vision, that higher civilization toward which the people of this State, howbeit blindly at times, are honestly struggling. They are the pioneers, the builders. They must first give us a practical educational method for the city schools and, following slowly, the country schools will adopt it. A larger percentage of educated citizens—that is the one crying need of the State, greater than all other needs, and one that must be met or we must pay the penalty in continued poverty, in retarded growth. The teacher, not the legislator, must be our deliverer.

Just as was to be expected, England has declined to interfere in the sealing matter further. Canada refers the government at Washington to the English authorities and they refer it back to Canada. The farce has been protracted quite as long as is consonant with dignity and self respect. Let American sealers fall to, butcher the rest of the herd, reap the profits and have done with it. People can cultivate a populistic growth of whiskers and a "football" growth of hair instead of wearing furs.

Mr. Wheeler, member of Congress from Kentucky, has introduced a bill in the House to put a quietus on book agents. Can this be a deep laid scheme of the Society for the Prevention of Cruelty to Animals? There is some conspiracy coiled up in it we will warrant. Mr. Marion Butler should be put upon the trail of it. Is it a scheme of the plutocrat to keep the senator's constituents in ignorance and therefore "grind them down beneath the iron heel of an all-devouring despotism" the more effectually? The senator is at home now, but wait till the bill comes up for his consideration in the Senate. He will show it a veritable Greek present to the Trojans.

Miss Charlotte Crane, leading lady in Hoyt's "A Stranger in New York," went to the Christmas cotillion in Charleston, where all the four hundred of that city by the sea were to trip it. Never in all her checkered history, in all her quiet days of peaceful vegetating has that city been so stirred. The fring on Fort Sumpter, the tidal wave that washed her and the earthquake that shook her were but as a polliwog to a full grown basso profundo of the marsh compared to it. Miss Crane, a rank provincial from New York, had intruded upon the arcanum of Charlestonian exclusiveness, vi et armis, and the band was silent and all the ladies voluble until she was bundled out of the ball room. Then the sea grew placid once more, the palmetto resumed its growth, Charleston vegetated again and the band played on.

Governor Russell said yesterday morning when some persons were intimating that perhaps Railroad Commissioner Abbott might decline to recognize Caldwell and Pearson as lawful commissioners: "If Abbott bothers me I will jump him, too." Col. Olds in Charlotte Observer.

His Excellency seems prone to grow facetious. He will e'en make some few witticisms. "Upon what meat hath this Caesar fed that he is grown so great?" Why, he is only fresh from the victory over the Wilsons. It was but a day since the door of the Railroad Commission office yielded to the impact of his gubernatorial foot. We trust that Abbott will not "bother" His Excellency. It does not matter so much about Abbott, but we should like to have some small remnants of law and order left us against the coming of the evil days. We should not like for any more people to learn that we have a violent buffoon for a Governor. Abbott can be quiet from motives of the purest patriotism. He will save us His Excellency's jokes.

### Abbott Will Report.

Col. Olds writes today's Charlotte Observer: At the railroad commissioners' office this morning inquiry was made as to whether Dr. Abbott was going to be here tomorrow. John H. Pearson said that last night a telegram was received from the doctor asking whether his presence here tomorrow was absolutely necessary. Pearson replied this morning that Abbott must himself be the judge of that. He said to your correspondent that no matter whether Dr. Abbott came or not business would be transacted. Some one outside the commission said the doctor would be here Friday. Maybe if he does not show up, Royal Executioner Russell will get out his meat-chopper and strike his head off, too.

**LADIES.**—Do you remember the long cloaks that were worn so much two years ago? For actual comfort and warmth they are a great deal better than the short capes and jackets that are all the go now. We have exactly twenty of these long cloaks on hand and want to almost give them away. Five of them sold at \$12.50, seven sold for \$10.00, two for \$9.00, four for \$8.00 and two for \$6.00 each. Most of them are made of heavy imported Beaver Cloth, the kind that you can keep dry and warm in out-doors all day long in the severest weather. We want to close these cloaks out and you can have choice of the lot for TWO DOLLARS. THAT \$30,000,000 INDEMNITY.  
Due Japan by China—Russia and France in its Payment.  
London, Dec. 28.—A dispatch to the Morning Post from Paris says: Negotiations have been proceeding between representatives of Russia and France for raising a loan of \$30,000,000, for the purpose of paying the indemnity due from China to Japan thus securing Japanese evacuation of Wei Hai Wei.  
France is determined that the France bank should head the loan, while Russia demanded that the Russo-Chinese bank should do so. The difficulty resulted in the breaking off of negotiations and a coolness between negotiators. The obvious object of the loan was to enable Russia to occupy Wei Hai Wei.

What It Means.  
When we advertise that we will guarantee Dr. King's New Discovery, Electric Bitters, Bucklen's Arnica Salve, or Dr. King's New Life Pills, it means that we are authorized by the proprietors to sell these remedies on a positive guarantee, that if purchaser is not satisfied, with results, we will refund the purchase price. These medicines have been sold on this guarantee for many years and there should be no more conclusive evidence of their great merit. Ask about them and give them a trial. Sold at C. E. Holton's drug store.

The marriage of Dillard Watt, of Reidsville, and Miss Sadie Sloan, of Winston, will be solemnized at the residence of the bride's grandmother, in this city, on January 10th.

### An Enjoyable Sociable.

The Misses Richardson gave a very pleasant "Nut Party" last night to a number of their friends. After the games and music was over refreshments were served to the delight of all present.

### "Lost—A Bride."

A fair house saw the "Lost—A Bride" company in that comedy at the Academy last night. The acting of several members of the company was tolerably good, the others had an appearance of being rather raw in their roles.

### Christmas Tree Last Night.

The congregation of St. Andrew's church gave a very enjoyable festival and Christmas tree to the children of the church last night in the Groom building, corner of Lewis and South Elm street. The bright faces and merry laughter of the young people attested their enjoyment to the fullest degree.

### The Musical Carnival Tonight.

The Orchestra would like to be in trim for finer work before appearing in public, but the members feel that more interest will be taken when something is being done, and the practice gained at this sociable will not be amiss. The orchestra is composed of good material capable of doing good work but they haven't had the necessary practice on these new instruments to play with finish and in exact time yet. Come and help them for the good they have done heretofore.

The brass section of the Orchestra consists of two cornets, two french horns, (never heard in Greensboro before) and trombone, this makes complete harmony in the brass and sounds like a full band.

## Gone to New York.

Messrs. T. J. and V. C. McAdoo left last night for New York, the former to purchase a new switchboard and supplies for his telephone system and the latter to begin his professional duties as a member of the firm of Mosely & Bankhead, of the Atlantic Security & Trust Company, 38 Park Row. Mr. Victor McAdoo has the advantage of an excellent preparation at the New York Law School. Our best wishes follow him in his new sphere.

## The New Hose Wagon Coming.

Mr. J. Henry Phipps tells The Telegram that he received a message today as follows: "Wagon shipped today."

This refers to the new hose wagon for the Southside Hose company, and means that the wagon left Rochester, N. Y. today. The fire boys will anxiously await its arrival, which will require several days.

## A Card.

Some of the trade before seeing and buying the 37 cent unlaundried shirt we are advertising in The Telegram this week, came in under the impression that they are a job lot of goods we have prepared for this occasion. We wish to state that the shirts are just what we claim them to be—the best 50c shirt on the market. While we lose on every garment sold, we are doing it for advertising effect, and are glad to note that the results are satisfactory to us.

## RECEPTION AT POMONA.

Given Last night by Misses Lindley and Cook.

A number of Greensboro people attended a reception last night at the residence of J. Van Lindley, at Pomona, tendered by Misses Lindley and Cook.

At about 8:30 o'clock the guests assembled and until 10 o'clock the parlors were filled with merry laughter. At this hour supper was served in the spacious dining hall. It is impossible for one who was not present to describe the menu, and those who were there sum it up in one word, "elegant."

After supper came the real fun of the evening, a sketching contest, in which Mr. Garland Daniel posed, by request. Each guest was provided with pencil and tablet. First prize awarded to Miss Flossie Settle, of this city; Booby prize to Mr. J. B. Webster. The judges were Messrs. G. S. Bradshaw, C. M. Vanstory and W. C. Boren.

The prizes were presented in a graceful manner by Mr. R. D. Douglas, of this city. The time sped rapidly away and twelve o'clock came too soon, when the guests returned to their homes feeling that another bright ray of sunshine had been added to life's pathway.

## BACK FROM DAWSON.

Nineteen More Miners Arrive, and All Have Gold Dust.

Victoria, B. C., Dec. 28.—Three steamers from the north, the Farralon, Rosalie, and Tees, arrived today, bringing nineteen Dawsonians, some of whom had left as recently as Nov. 16 and all of whom have gold in abundance.

They found the river so blocked that sleds had to be discarded, and the trip was made afoot, with the thermometer falling to 72 degrees below zero.

At Five Finger Rapids they picked up a young prospector who had lain down to die. Both his feet were so badly frozen that he was helpless and his comrades had thereupon abandoned him to his fate.

The miners at Dawson, when the newcomers left, were offering \$2 a pound for flour, and none was purchasable, while many are coming up the river buying outfits from inbound prospectors or selling their own stores and coming through to the coast to winter. These men are doing more than all others to relieve the critical food situation.

The party of six arriving by the Tees have \$80,000 among them, and declare that fully 500 miners are following them out over the trail, all having gold.

## DIED FROM EXPOSURE.

Unknown White Man Found Dying Near Newbern.

Newbern, N. C., Dec. 28.—A white man was picked up in a field near the city today, and, after being conveyed to a house, could only give his name as that of "Richard Norton, from Virginia," before dying.

The man was seen around here on Christmas day in a drunken condition. There is no thought of foul play, but circumstances point to death from exposure, caused by his drunken condition. He is said to have complained of heart trouble, also.

## THE CHOIR ENTERTAINED

By Mr. and Mrs. A. H. Alderman Last Night.

The members of a church choir do a good deal of hard work, usually without compensation, that is, if you reckon it by the standard of the coin of the realm. They, however, do not miss all the good things of this life. In this joyous and gracious Christmas time the members of West Market street choir were remembered, and last night they were tendered an elegant reception at the home of Mr. and Mrs. A. H. Alderman, on West Market street. All the members were present except two or three who are spending the holidays out of the city.

The evening was spent in social converse, vocal and instrumental music, parlor games, etc., and by no means the least pleasing and enjoyable feature was the splendid supper which was served.

Besides the members of the choir, the relatives of Mr. and Mrs. Alderman were invited and were present. All wish to express thanks for the pleasant evening.
